Notice FLP-103

2 Action

A

Acceleration and Foreclosure

Until notified otherwise, SED's must not accelerate or foreclose on any direct FLP loans held by Native American borrowers unless authority is granted by the National Office on a case-by-case basis, with the concurrence of OGC.

If foreclosure has been filed involving the account of a Native American borrower, SED's should immediately notify the U.S. Attorney's Office, in writing, and request that the U.S. Attorney's Office seek a court suspension of the foreclosure action. If the U.S. Attorney's Office has not yet filed the foreclosure complaint, SED should request that the case be returned to the State Office.

B

Servicing Delinquent Accounts

Servicing of delinquent direct FLP accounts of Native Americans should continue in accordance with FmHA Instruction 1951-S, up to the point of acceleration.

Collection by administrative offset against delinquent direct FLP accounts of Native Americans should continue on each case until such case is resolved.

C

Loan Making

All requests for loans by Native Americans will be processed to a conclusion. No loan making activities have been suspended as a result of the class action suit.
